Loyalty That Strengthens Your Farm's Future

The Ag Rewards loyalty program is all about giving back to you. Every purchase adds up to rewards that are designed to reduce costs and provide real value for your farm. Whether you need savings on inputs or access to exclusive offers, we're here to support your operation and keep you growing strong.

Benefits at Every Tier

For every dollar you spend, you'll earn points that translate directly into savings. Use your points to lower your costs on future purchases. 1 loyalty point = \$1.00.

How it Works

No need to sign up— you're already benefiting from AgRewards simply by doing business with us!

Earn Loyalty Points

Earn loyalty points on products purchased from Ag Partners. Special product promotions can help you earn even more points!

You'll receive a text message that lets you know how many points you've earned and your current balance. You can also ask your Agronomy Account Manager for an update whenever you need.

Redeem and Save

Redeeming your points is simple.

When you're ready to make a purchase, just let your Ag Partners Agronomy Account Manager know you'd like to apply your points toward your order. Your points will be applied to that order, reducing your cost on the spot.

Loyal Customers Earn Even More!

There's no limit on how many points you can earn! Source your inputs and energy products with us to reach new loyalty tiers. Each transaction helps you unlock additional benefits and higher loyalty point percentages—saving you more money on future orders.
