

THE AG PARTNERS COMPLETE ACRE

Providing solutions for your unique farm acre for the 2020 growing season

At Ag Partners, we choose to partner with companies that offer proven solutions to issues we see locally throughout our geographical footprint. Through the Ag Partners Complete Acre, we address the LOCAL challenges growers see based on solid agronomic knowledge and recommendations then match your rewards to maximize returns.

Contact your agronomy account manager to learn more.

Ag Partners Appoints New Regional Operations Directors

Ag Partners recently announced the appointment of three Regional Operations Directors. In their role, the Regional Operations Directors are responsible for maximizing efficiencies for all resources inside their region including employees, equipment and services.

Christmas Families

It's the time of year for giving! The employees of Ag Partners Cooperative adopted families from each of our regions, and then went shopping for items on the families' wish lists. Pictured are gifts from our Region 1 shoppers!

These purchases were made possible by the Ag Partners Employee Charitable Fund Group, a fund where employees can opt to donate a small portion of each paycheck to go towards various uses, like sponsoring families at Christmas.

Holiday Hours
