

## Earn More Back Per Acre With Bayer Plus

Through our close partnership with Bayer Crop Science, we are introducing the new Bayer Plus Rewards Program. Through this program, you can earn back up to \$18/acre when you partner your seed purchase with other products in the Bayer product portfolio.

## Industry Partners Benefiting Our Growers

At Ag Partners Cooperative Inc., we are your partner in production agriculture. Whether we are developing partnerships with growers or industry partners, we take pride in conducting business based on our cooperatives' core values of honesty, integrity and teamwork.

The relationship Ag Partners has with AGP is an important part of our business. Through this partnership, Ag Partners growers can receive competitive bids for their grain that they may not be able to receive otherwise. When marketing grain through AGP, Ag Partners is paid an additional premium on crops that have a higher percentage of oil and protein, and in turn, Ag Partners returns these

premium dollars back to the member-owners of the cooperative.
