

**Catalyst™ Program**  
By WINFIELD  
UNITED

2023  
**CATALYST™ GUIDE**

# QUALIFICATIONS

You will need to reach a minimum of 2,500 points to participate.

To qualify for the Base Medallion Level, Catalyst participants must accumulate a minimum of 2,500 points. To qualify for the Executive Medallion Level, Catalyst participants must accumulate a minimum of 20,000 points. Points must be accumulated between September 1, 2022 and August 31, 2023 to achieve medallion status.

With expanded reward offerings, you have more choices than ever to use your points on what matters most to you.

## **Redemption Option 1: MZB Credit**

Catalyst now offers you the ability to use points to reinvest in your operation for a more rewarding season. MZB is a multi-layer approach that provides more precise data than a traditional one-layer system, and allows users to identify yield-limiting factors to make smarter decisions on where to invest inputs to maximize yield and minimize wasted input dollars. Redeem your points at Agtegra to enroll in an MZB program of your choice: MZB Lite, Full MZB and/or MZB Analytics.

## **Redemption Option 2: Catalyst Online Reward Platform**

In the Catalyst Online Reward Platform, points can be used toward a wider selection of merchandise, travel, and more.

## **Redemption Option 3: Credit to Account**

You may use points to reinvest in your operation by selecting a Credit to Account. Credits will be applied to your account at Agtegra Cooperative.

For all incentive selections, points required for each will vary based on actual selection.

# REINVEST YOUR POINTS

Use your points to reinvest in your operation for a more rewarding season when you redeem at Agtegra for MZB credit.

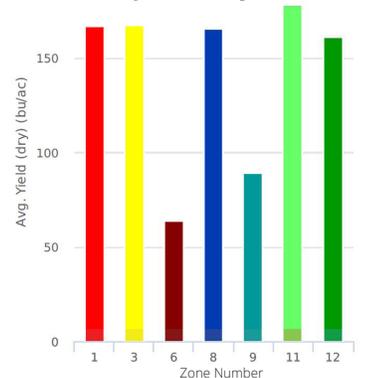

Everything agronomic is economic and MZB Analytics finally brings those aspects of your farming operation together in a single platform. A dedicated MZB Analytics account manager will work closely with you and your Agtegra Agronomist to collect every layer of GPS data on your farm. That information combined with economic data gives a true picture of profitability at the Farm, Field and even down to the management zone level. Uncover true product performance of hybrids, varieties, crop nutrition applications, crop protection applications or even plant population changes.

- Opt in option to participate in anonymous group datasets to benchmark your operation against others
- Data ownership agreements protect your data and can be removed at anytime
- Turn your own farm data into real world product performance tests
- Discover that cost per bushel is the true measurement of profitability
- Leverage yield by zone information to develop the most accurate yield goals
- Measure crop nutrient removal rates using yield data to maximize nutrient investment decisions

## Average Yield by Zone

## Multi-hybrid Yield Analysis

27.7 ACRES		22.4% MOISTURE		237 YIELD (BU/AC)	
BY HYBRID	AVG YIELD	ACRES			
DKC48-56RIB	>	238.34	14.4		
DKC48-56QR	>	236.08	13.3		
BY SOIL	AVG YIELD	ACRES			
Vallers silty clay loam	>	242.55	1.8		
Parnell and Flom soils	>	252.32	10.7		
Nutley-Hattie clays, 0 to 2 percent slopes	>	227.63	0.3		

When analyzing data from 15 traditional grid soil sampled fields, fertilizer placement was significantly less efficient compared to MZB zone-based recommendations. 22% of the field under-yielded because of under-fertilization. 54% of the field was over-fertilized, causing cost per acre to go up without a corresponding yield response.

# GROWER AWARDS

A loyalty program that works with Agtegra Cooperative to reward you for purchasing agronomically strong seed and crop protection products that fit your operation. The 2023 Catalyst™ Program by WinField United is now a points-based system, making it easier to earn points for the products you need to make the best agronomic decisions for your farm. With expanded reward offerings, you have more choices than ever to use your points for what you value most.

You will have the opportunity to select from over 1000 merchandise choices as well as travel options to plan your next vacation. The possibilities are limitless!

## FLIGHTS

One-way or round-trip, domestic or international, conveniently redeem your points for airfare!

## HOTELS

No matter your destination, length of stay, or property of preference, reserve your room using points!

## NO RESTRICTIONS

Book with confidence and zero restrictions—no blackout dates, no advance notices, and no minimums!

## SPORTS

Cheer on your favorite sports team live! Find tickets to football, baseball, hockey, soccer and more.

## MUSIC

Search live concerts by genre, artist, location and more. Discover tickets from top touring artists.

## THEATER

Experience the hottest shows, from Off-Broadway to dance to comedy. There is something for everyone.
