

## Fall Soybean Moisture Program Effective Sept 9, 2024

Effective 9/9/2024, Agtegra is offering **NO DRYING CHARGES** on any new deliveries of soybeans up to 15.0% moisture. Shrink will still be assessed on the normal schedule for bushels greater than 13.0% moisture.

This moisture program is being offered first come, first served on a location-by-location basis and may be discontinued at any time.

Please refer to your local Agtegra representative with any further questions. We appreciate your business and look forward to a great harvest!

**\*\*The Fall Soybean Moisture Program is subject to elevator space and may be discontinued at any time. September 9, 2024.\*\***
