Agtegra Cooperative is making it easier than ever to feed your calves efficiently — **all creep feeders come equipped with a monitor that remotely tracks feed levels**, giving both you and Agtegra remote access to feed levels. Plus, take advantage of 0% financing for 6 months to help manage cash flow while ensuring your herd gets the nutrition it needs. **Book now and experience more convenient feeding!**

Creep Feeder Rental

All Agtegra creep feeders include an installed monitor that senses feed levels in the feeder, giving you and Agtegra remote access to view feed levels.

For cattle ranchers who own their own feeder but who also want to remotely monitor feed levels, Agtegra will install a rented monitor at no cost if at least 10 tons of creep feed are put through the feeder by Agtegra during the season.

0% Financing

Finance your creep feed purchases with Purina® 6-4-0 Financing to receive 0% financing for 6 months.
