

# CRC/Heartland (HCP) Corn Swap Program

**September 1, 2022**

**Direct Delivery Swap:**

Producer may deliver directly to HCP up to 90 days **prior** to their assigned delivery date putting the bushels under CRC's name and CRC will deliver for the producer when their delivery date is due. A \$0.02/bu. swap fee will be charged and after 90 days, CRC's current storage rates will be applied. (Many use this during road postings, during planting/harvesting, bad weather, etc.) Prior to delivery, patron must notify CRC by calling 320-833-3006 to be put on the HCP delivery schedule. **If you deliver to HCP on CRC's behalf and are not on the list, HCP may reject your load.** When you are finished hauling, please contact us so we can adjust our schedule and **tickets need to be turned in weekly.** They can be dropped off at any of our offices or emailed directly to [tanar.haala@centralregioncoop.com](mailto:tanar.haala@centralregioncoop.com).

**Purchase for delivery:**

CRC publishes a daily corn price allowing the producer to purchase corn for their requested delivery week. Corn may be purchased during normal trading hours, 8:30 a.m. to 1:15 p.m. Beginning immediately, CRC is requiring remittance of payment for corn purchased for HCP **before** physical delivery. Invoices will be sent out prior to actual delivery date. If you have any questions, please contact Tanar Haala at 320-833-3006.

**Open Storage Delivery Swap:**

A producer can deliver corn to any CRC location putting it in OPEN STORAGE – CRC's posted storage rates will apply from date of delivery. CRC will transfer patron's corn to HCP for their requested delivery week. **(\$0.06/bu./month storage, \$0.15/bu. load-out charge, \$0.02/bu. swap fee & freight charge plus fuel surcharge/bu. to HCP)**

**Freight to HCP: (does not include fuel surcharge which changes weekly)**
