Disposition of Grain: Must be determined at the time of delivery. Shrink will remain with stated disposition on scale ticket. If sold within 10 days of delivery, tickets marked store or price later will not be assessed storage (on a per load basis).

Handling Fee: Grain taken out of storage or not processed through our feed mills will be assessed \$.20/bushel.

Custom Drying: Normal drying rates apply and a \$.20/bu handling fee will be charged. Corn must be hauled out within 10 days of delivery (on a per load basis).

Price Later Storage: Grain can only be sold. It cannot be redelivered or applied to any contract. PLC contracts must be signed.

Grainbank: Corn used through the feed mills will be dried and shrunk to 15%. GB Corn/Oats receive the first 60 days storage free. After 60 days, storage is \$.06/month. If sold or hauled out of GB, storage rate of \$.06/bu reverts back to date of delivery, (\$.10/bu minimum) and assessed a handling fee of \$.20/bu.

Deferred Payments: Available upon request – no premium.

Storage Rates:

Warehouse/Open Storage: \$.06/bu per month

Price Later Contract: \$.05/bu per month

GB: First 60 days free / \$.06/bu per month thereafter

Drying Charges: \$.055 per pt (per .1/10th pt)

Shrink: 1.40% per pt (per 1/10th pt)

Due to the increase in costs of LP and Natural gas, drying rates are subject to change prior to harvest.
