

Purina® Flock Block Supplement®

Recommended for:

Adult chickens, ducks, geese and turkeys – as a treat to complement their complete feed.

Why choose Purina® Flock Block:

The Purina® Flock Block Supplement® is a fun and healthy treat. Made from whole grains, it provides enrichment no matter the season. In the summer, place the Flock Block Supplement® outside for birds to peck and encourage natural pecking behavior. In colder weather, the Purina® Flock Block Supplement® can be a useful boredom buster, giving birds a place to peck - keeping the flock occupied and less likely to peck one another while in the coop.

Key benefits and features:

- **Wholesome nutrition:** Made from freshly-ground North American whole grains for a nutritious treat
- **Contains oyster shell and grit:** To aid in shell quality and feed digestion
- **Encourages natural pecking instincts:** Solid grains keep birds entertained and enrich the coop
- **Backyard happiness:** Keeps the flock entertained and part of the family.

Feeding directions:

Place the Purina® Flock Block Supplement® in a dry, covered and elevated area so adult birds can peck it at their leisure. For first time use or smaller flocks, consider breaking the Purina® Flock Block Supplement® into smaller pieces.

The Purina® Flock Block Supplement® can be left out for birds to peck when they like. If birds have access to their regular diet as well as the supplement, the block should last a few weeks.
