**Cenex Total Protection Plan® Pays \$82,642.20 in Local Farm Repairs**  
*Country Visions Cooperative* presents award check on behalf of Cenex®

*Pulaski, Wisconsin (May 16, 2023)* – Country Visions Cooperative awarded Darrell Hylok a check for \$82,642.20 to cover eligible repairs on their New Holland T9 450 through the Cenex Total Protection Plan® – the best in-class warranty that extends beyond the original manufacturer’s warranty with Cenex® Ruby Fieldmaster® Premium Diesel Fuel and Cenex Lubricants.

The large check was delivered to Darrell Hylok by Steve Grosklaus, Certified Energy Relationship Manager for Country Visions Cooperative. “Fortunately, Darrell Hylok is a firm believer in the Cenex Total Protection Plan®,” stated Grosklaus. “It’s an inexpensive investment that delivers when customers need it most. Country Visions is committed to helping our patrons be successful. Providing quality products, exceptional service and offering programs like the Cenex TPP to our customers, supports the mission of our Cooperative.”

Equipment breakdowns on the farm not only decrease productivity, but with record-high repair costs, can compromise profitability. The Cenex Total Protection Plan offers peace of mind to farmers with coverage up to 10 years or 10,000 hours on new equipment and 8 years or 8,000 hours on used equipment, with no deductible.

The Cenex Total Protection Plan helps protect key engine and transmission components and identify equipment concerns that can lead to costly breakdowns through regular LubeScan® Used Oil Analysis reports. One of the many reasons farmers have trusted the Cenex Total Protection Plan to protect their operations’ most valuable assets for over 50 years.

Contact your local dealer, Country Visions Cooperative, to determine the right energy products and protection for all your equipment and visit [cenex.com/tpp](http://cenex.com/tpp) to enroll for the warranty today.

Country Visions Cooperative is a farm supply cooperative with their corporate office located in Brillion, WI. Serving northeastern Wisconsin and the UP of Michigan, Country Visions offers a unique blend of agriculture and consumer related products and services. In addition to Refined Fuels, the business includes Propane, Agronomy and Grain divisions, with Convenience Stores, Country Stores, and quick food restaurants. Country Visions is celebrating 100 years as a successful and growing business this year. Several cooperatives have come together to form what Country Visions is today and together they have achieved this important milestone in 2023.
