Today's vision.

NEWS & NOTES

February 2023

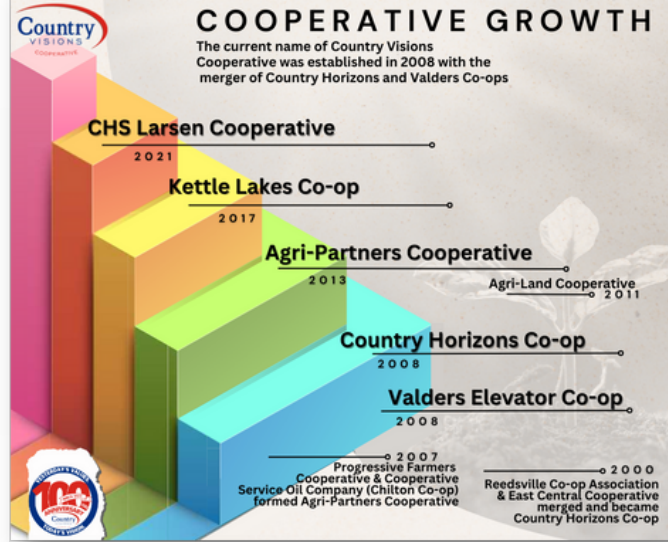

www.countryvisionscoop.com | 800-236-4047

We are happy to announce that scholarships will once again be offered for this year's high school graduating class. Country Visions' Board of Directors approved the start of a scholarship program in 2014. We offered 5-\$1,000 awards to high school seniors to continue their education. The following year, CP Feeds, LLC partnered with Country Visions to double the number of scholarships. That number increased more over time and in 2022, the companies awarded 33 - \$1,000 scholarships to area students.

To qualify, the parents, parent, or legal guardian of the student must be a member of Country Visions Cooperative or CP Feeds, LLC and have purchased at least \$2000 worth of goods and services in the year prior to application from Country Visions or CP Feeds. Requirements and application are available at www.countryvisionscoop.com, at area high schools or request by email to info@cvcoop.com. All required data must be postmarked, emailed or delivered to Country Visions office in Brillion, Wisconsin by March 31, 2023.

If you or someone you know is in the job market, here is your opportunity to join our team! We are looking for committed individuals to join our company in a variety of positions. Find the list of current openings on our website CAREERS page at <https://www.countryvisionscoop.com/careers>. It's simple to apply, complete an on-line application or if you would like more information, stop in and talk with a location manager. Be proud of what you do as part of a team dedicated to providing outstanding customer service. Full-time, part-time, & seasonal positions are open! Now hiring for a variety of positions including retail customer service, food service, delivery drivers and the following agricultural positions: Agronomists, Applicators, Grain Originator, Agronomy Sales Manager, Customer Service Representatives, Agronomy & Applicator Internships.

Country Visions Cooperative is celebrating 100 years as a successful and growing business. We're excited to share our history and tell the stories from the cooperatives that have come together to form who we are today. It's true that there are now far fewer Agricultural based Co-ops, but inevitably changes happen for all of us as we grow up. Just take a look at what cooperatives have come together since the year 2000 into Country Visions.

We have many years of growth and changes to share as we look back at the past 100 years of our cooperative. Enjoy a look back in time with us on our Facebook and Instagram pages @CountryVisionsCoop for "Throwback Thursdays". *The celebration continues!*
