THE GCC APP

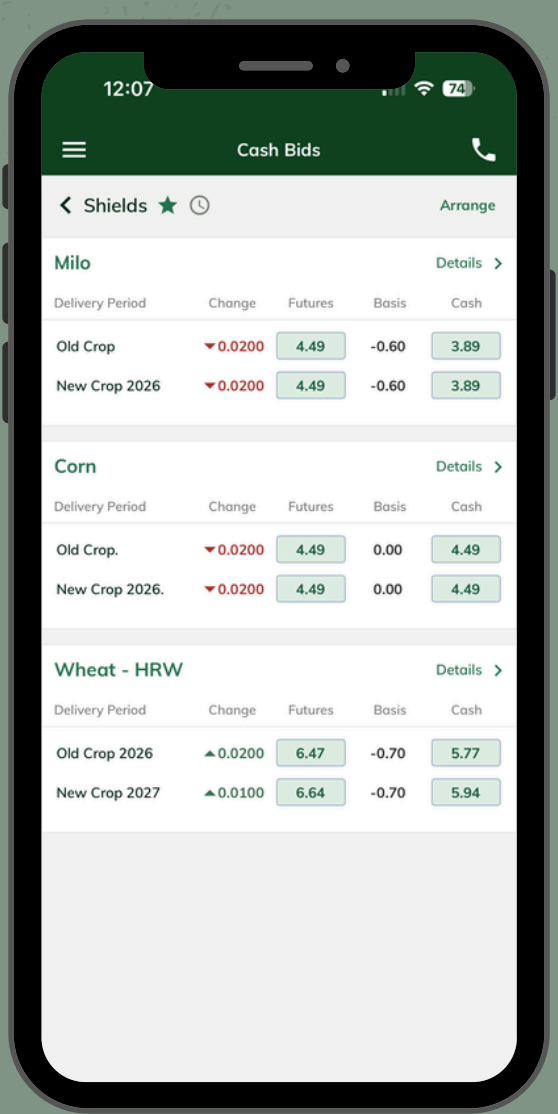

SELL GRAIN AND PLACE WORKING ORDERS

Step 1: Log In
Open the mobile app and log in to your account.

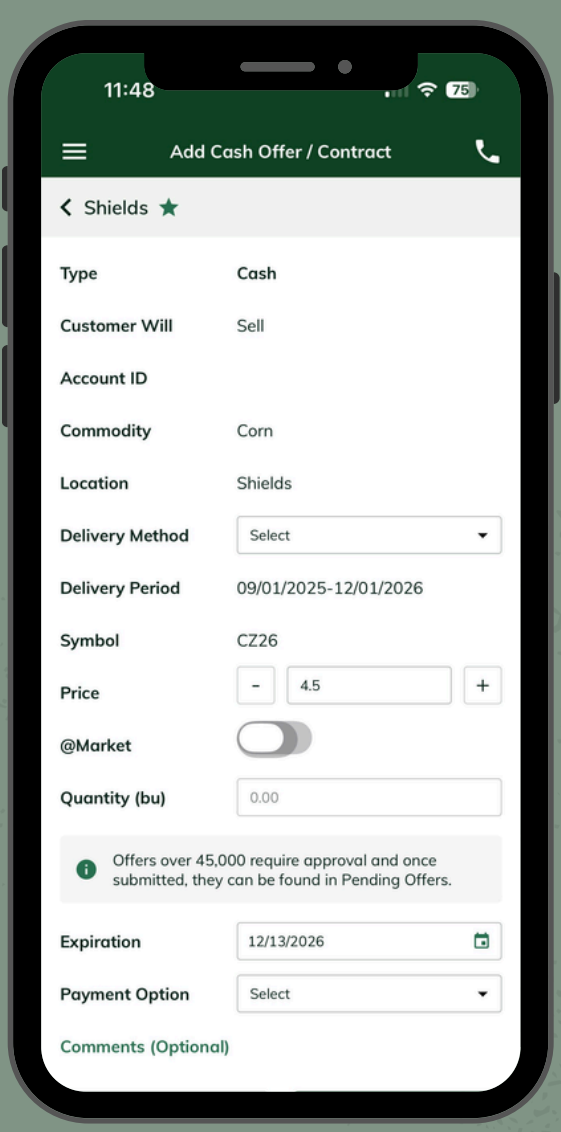

Step 2: Access Cash Bids
Tap the **Cash Bids** tab to begin creating an offer.

Step 3: Select a Location
Choose the location where you would like to sell your grain.

Step 4: Select a Commodity
Scroll to locate the commodity you wish to sell.

- Select the **Futures** tab to view pricing and create HTA **(Hedge-to-Arrive) contracts**.
- Select the **Cash** tab to view pricing and create **cash sales or working orders**.

Step 5: Complete Your Offer
After selecting the desired commodity, the offer screen will appear. Enter the following information:

- Delivery Method
- Price
- At the Market (if applicable)
- Quantity
- Expiration Date
- Payment Option (if filled)

A **Comments** section is available for any special instructions or additional information.

Step 6: Review and Confirm
Carefully review all offer details. Once everything has been verified, tap **Confirm.**

Step 7: Submit Your Offer
The confirmation screen will display all offer information for a final review. If everything is correct, tap **Submit Offer**.

Step 8: Offer Review
After submission, your offer will appear with a **Pending** status until it has been reviewed by one of our Grain Buyers. Once reviewed, the status will be updated accordingly.
