

The 2024 Truterra Early Adopter program opens for enrollment on August 1<sup>st</sup>, 2024. This first come, first served USDA-backed program will have limited acres and be open to growers across the nation, so signing up promptly will be imperative.

This program will include data collection and selected soil sampling, which will contribute to a publicly available soil health study by the Soil Health Institute.

This is not a CARBON payment.

To help you decide if this program is right for you, we've created this program guide:

### 2024 Truterra Early Adopter – a USDA-Supported Program
