Safe & Shur

A controlled starch feed designed for any horse at any life stage. Ideal for growing, performance, recreational horses, broodmares or stallions.

- No corn, no molasses formula
- The perfect choice for horses that can benefit from a controlled starch diet such as horses currently being managed for laminitis, insulin resistance or persistent digestive upset.
- 12% Starch, 2.5% Sugar
- Contains elevated fat levels for safe, controlled energy release. This results in the ability to maintain proper body condition and promote healthy digestive function without the need for a high-starch ration.
- High fiber to promote a healthy hindgut.
- Balanced with chelated trace minerals that increase mineral absorption to be more efficiently utilized by the horse.
- Includes select pre and probiotics to support overall digestive health and efficiency.
