Propane Programs 2024-25

1st Choice[®] Energy Services' goal is to help you manage your heating bill and remove any surprises due to the volatile energy market. We offer a variety of programs with many benefits. Choose the propane program that works best for you.

By selecting a 1st Choice Energy propane program, you're also supporting cancer research through Fueling the Cure. Learn more at FuelingTheCure.org.

Budget Program

Maximum Price Program

Prepay Program

Select Early Summer Fill and Save!

Receive a 10¢ per gallon discount by taking advantage of our Early Summer Fill Program. Simply order and receive delivery by July 31, 2024.

Propane Safety Reminders:

- Allow only trained technicians to work on your propane system
- Propane is flammable and may cause fires and explosions
- Propane is heavier than air, so it collects in low areas like basements and drains
- Locate all supply lines before digging, driving posts, putting nails in walls, etc.

As part of our ongoing safety program, our trained technicians can perform a leak test on your propane tank and lines for only \$75.

*Please Note: If you run out of propane or should your tank or line develop a leak at a time other than our normal business hours, please call 800.424.2584.

*Due to the extreme volatility in propane prices, seller has no knowledge of future prices and all prices are subject to change.

Propane Program Options 2024-25

BUDGET PROGRAM*

A consistent monthly payment from July - May:

- The Maximum Price Program cost for gallons delivered October - April
- Annual Settle Up balance for underpaid budgets due in June
- Program enrollment expires August 31, 2024
- Option for automatic delivery with no hidden costs

*Note: All existing Budget Billing customers will automatically receive their new contract.

MAXIMUM PRICE PROGRAM*

A program that caps your price for the propane gallons to be delivered October - April:

- Delivery price will be the lower of the current market price or the “maximum price” as specified on the agreement
- Customers are eligible to enroll in our automatic delivery program to receive additional discounts
- Upon signing/returning the agreement, you pay an upfront fee, which is equal to the number of gallons you wish to purchase, multiplied by 10¢ per gallon (Example: 500 gallons X \$0.10 per gallon = \$50.00)
- Program expires at the end of business on August 31, 2024

PREPAY PROGRAM*

Lock in a price for your propane to be delivered October - April:

- Prepay customers will be enrolled for our automatic delivery program, unless notified in writing
- Total amount due will equal the number of contracted gallons, multiplied by the prepaid rate, plus sales tax
- Any gallons prepaid and not delivered by April 30 will be assessed a penalty fee of 20¢ per gallon
- This program expires at the end of business on August 31, 2024

*120 gallon tanks are not eligible for any propane program discounts.
