

FEED GREATNESS®

# PURINA® MQ™ SYSTEMIQ™ PROBIOTIC SUPPLEMENT

Optimizes the microbiome to support digestive health and immune function in horses of all ages.

Purina's newest equine supplement has a systemic effect in your horse, helping him to overcome challenges such as exercise or occasional gastrointestinal stress.

## Live & Active

A probiotic proven to survive through the manufacturing process and the acidic environment of the digestive tract.

## Supports Hindgut Health

Promotes normal hindgut health and fecal consistency in horses stressed from exercise or other activities.

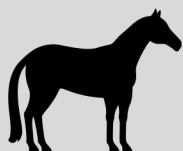

## For the Whole Herd

Can be fed to all horses including pregnant and lactating mares, as well as horses with sensitive systems.

## Provides Recovery Support

Helps reduce systemic inflammation as a result of exercise.
