

Which is Best for Your Lambs?

Purina® Honor® Show Showlamb Creep 20 DX

Great for maximizing early growth and development in young lambs. Lambs adapt to the 1/4 inch mini pellet quickly.

Nutrients: 20% Protein
5% Fat
10.5% Fiber

Contains: Deccox for Coccidiosis control.

Purina® Honor® Show Lamb/Goat Creep 15 DX

Moderate protein mini pellet for use as creep feed or transitioning at weaning. May be fed all the way through showtime.

Nutrients: 15% Protein
5.5% Fat
12% Fiber

Contains: Deccox for Coccidiosis control.

Purina® Lamb Creep with Bovatec® Texturized Feed

Good texturized product for creeping and weaning lambs. Higher fiber level to aid in developing the young lamb's digestive system.

Nutrients: 18% Protein
3% Fat
14% Fiber

Contains: Bovatec for Coccidiosis prevention.
