FEEDING DIRECTIONS: Begin feeding Co-op All Purpose Ratite Feed at four weeks of age. Co-op AN Chick Starter/Grower (Item #104CR) should be used from hatch to 4 weeks of age. Co-op All Purpose Ratite Feed can be offered free-choice to growing, finishing, maintenance or breeding birds. Ostriches should consume approximately 3 to 5 lb per head per day; emus should consume approximately 1 to 1.5 lb per head per day. If birds maintained for breeding are gaining excessive weight, limit feed Co-op All Purpose Ratite Feed to maintain satisfactory body weight condition. Supplement high producing birds with oyster shell (Item #1307) during breeding season to improve eggshell quality. Pasture or other forage should be available. Provide clean, fresh water at all times. **CAUTION:** Store in a dry area. Do not use moldy or insect infested feed. Do not dilute with corn or other feeds.
