FEEDING DIRECTIONS: Co-op Pinnacle Horse Mineral Block is designed to be a convenient means of providing a complete vitamin/mineral supplement to horses receiving a lowly-fortified concentrate or those on a forage-only diet.

The target intake is 2 oz per head per day. If consumption averages more than 4 oz per head per day for more than 3-4 days, discontinue use and visit with a Co-op Feed Specialist to develop an appropriate feeding program.

If using this product in combination with other nutritional supplements, utilize the nutrient content information on this product to determine precise feeding rates. Do not feed more than 3 mg of supplemental selenium per head per day. 5.6 oz of this mineral will provide 3 mg of selenium.

Horses must have free access to clean, fresh water at all times.

CAUTION: Do not feed to sheep or other copper-sensitive animals.
